

AN INTRODUCTION TO THE PLATINUM WORLD

GREETINGS FROM THE PLATINUM WORLD (TPW)!

Regardless of our geographical location, we are all essentially transacting in a Global market space and that comes with its fair share of challenges! We, at **The Platinum World** understand just that & provide our clients the best possible, hassle-free solutions thereby giving them the freedom to enter into and complete transactions without potential risks to either their businesses or clients.

Head Quartered in Delaware USA, we operate through our network of owned and affiliated offices in San Francisco, Washington, Dubai, Hongkong, China and India. We also have fully-owned subsidiaries set up at multiple sites, enabling us to operate within a certain territory or country in compliance with the local laws, requirements and stipulations of that country.

At **TPW**, we sell the highest grade products to ensure complete client satisfaction. Though our primary focus is on Class 1 & 2 medical devices, we also specialize in Nitrile Gloves as we are official North America Distributors for 2 leading glove manufacturers from Malaysia and China respectively. We also distribute Hongray Gloves in India and our subsidiary there has been selling oxygen cylinders, a whole range of Oxygen Concentrators, Bipap, Cpap, & Ventilator machines for sometime now. We've also launched a range of our own branded Platinum Gloves for India with 6 different quality and price points, covering both; latex and nitrile. In addition to domestic sales, Platinum Medi also exports various

types of diagnostic kits, diagnostic equipments and pharmaceuticals to the MENA region. With over 60 years of cumulative trading experience on our team; it gives us a clear insight into the needs of our clients.

Our expansive on-ground network across the globe and years of experience gives us the competitive edge when it comes to product sourcing, quality control checks, logistics and shipping; all in quick turnaround times.

Our 24-hour help desk is always available for clients across different time zones; in order to facilitate ease of business.

OUR SERVICES

DISTRIBUTORS / RESELLERS

We represent brands which we distribute exclusively and are also resellers for various brands in the PPE space; some of these are procured from other factories, wholesalers and at times, other retailers for sale to our clients; depending on their requirements.

SALES

We import, stock and sell various products to our network of verified buyers and sellers, based on the market and marketability of the products identified. These change from time to time but we try our best to bridge the demand and supply gap for clearly identified products in any market space.

EXPORT

Our presence in different countries enables us to export various products from the country of origin directly to other countries, based on client requirements and vertical demand.

BROKERAGE

From time to time we engage in brokerage deals for large quantities and allocations from suppliers wherein our clients pay the suppliers directly and we facilitate the transaction from end to end; including sourcing, legal framework, payments, delivery and logistics. Our fees for brokerage vary from 2-4% of the transaction, based on the size of the deal, nature of deal, scope of involvement etc.

OUR MISSION

To provide a genuine & reliable environment for hassle-free transactions with absolute security and peace of mind for all our clients!

OUR VISION

Under-promise & over-deliver. Every single time!
